Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action	Impact	Comments
<p>We have been able to deliver high quality P.E. lessons for the children and have been able to provide staff with school based CPD through working alongside a variety of specialist coaches. This has helped to improve staff confidence in some areas. We have continued to offer a variety of physical after-school clubs, to provide further opportunities for children to engage with physical activity. We have been able to increase the children's enthusiasm, interest and passion for PESSPA even further. We were able to offer sporting experiences to our Pupil Premium and SEND children who may not always have the opportunity to try different sports and we managed to enter every sporting event offered by the PPSSC and SSCO. We introduced badminton into our curriculum for Year 6.</p>	<p>P.E. is embedded in the culture of our school and the wider community. We strive to give all our children the best possible offer in terms of extra-curricular opportunities with a wide variety of activities available. The curriculum has been specifically designed and sequenced to be inclusive, helping children develop secure fundamental movement skills and to develop careful progression as the children move through school. Through the CPD we have provided, several teachers have now become much more confident teaching many aspects of P.E. and feel confident enough to deliver their sessions without support. The Lancashire P.E. app 'P.E. Primary Passport continues to be used as an assessment tool to monitor children's progress and evaluate next steps.</p>	<p>On occasions, there has been perhaps too many choices of after-school activities, therefore spreading numbers too thin in places. Newer members of staff, would like further CPD opportunities to develop their subject knowledge even further. We continue to have specialists in dance, tennis and rugby. Our staff now feel confident to deliver hockey and cricket sessions without the need of the specialist support, so we will no longer require help in these areas. The Lancashire P.E. app has worked well, though there have been lots of technical issues with it which has proved problematic.</p>

Key priorities and Planning

This planning template will allow schools to accurately plan their spending.

Action – what are you planning to do	Who does this action impact?	Key indicator to meet	Impacts and how sustainability will be achieved?	Cost linked to the action
<p>Teachers in some year groups feel confident to deliver their own P.E. sessions this academic year in their own classes, as well as doing lesson swaps at certain times to use their specialisms in other year groups. Subject leader to monitor the teaching by these teachers to ensure high quality teaching and learning is taking place.</p> <p>Less confident teachers to continue to work alongside specialist coaches to help increase their confidence and development to enable them to teach certain units by themselves later in the year.
